Private school is an investment in your child, a big one! Sometimes it's difficult to think about spending money on education when such a large part of your property taxes are for the public education system. Here are some reasons why we feel a private Christ-centered education is worth the investment:

- Three key institutions that shape a child are the home, the church and the school. Children are well served when all three institutions point them in the same direction.
- An education that has the liberty to address the whole child--social, intellectual, emotional, physical and spiritual reaches the possibility of excellence.
- The best preparation for an effective life of service is to be both well grounded in God's word and have a strong academic foundation.
- Deuteronomy 6 tells parents that, in all they do, they should provide a godly education 24/7.

In addition to the importance of a Christ-centered education, we also strive to give our students an academic foundation that is outstanding. Trinity is fully accredited by both the National Lutheran School Accreditation (NLSA) and the National Association of Accredited Schools (NAAS). We also understand the importance of a well-rounded education and offer Spanish, Art, Music and Physical Education beginning at Preschool and continuing through our High School. In a time when larger schools are cutting these types of programs, we have been blessed with the opportunity to expand our course offerings in these important areas.

Parents and the staff at Trinity have the unique opportunity to form a long-term partnership; a chance to look out over future educational years, the unique needs of each child and formulate a plan for success. When children can be part of the same school family during their formative years, surrounded by teachers and staff who love and care about them, they can be encouraged to thrive not just survive. They have the freedom to reach their God given potential and blossom into the youth adults that God intended them to be.

We would enjoy the opportunity to talk with you about the long term impact of this investment in your child and what we can do to help facilitate an amazing Christ-centered education.
