*The Trinity Way*

Dear Trinity family,

We are so glad that you are joining us for this year's Trinity Auction. A special thank you goes out to our Auction Chair, Heather Salvesen, her leadership team of Kyla Vevia and Jamie Leebert, and the host of volunteers who are making tonight's virtual gathering so special. I want to also thank the Trinity students who will be sharing their unique God-given gifts and abilities in the talent competition.

Over the past years, Auction proceeds have supported numerous campus projects such as:

- Provide curriculum enhancements,
- Implement infrastructure upgrades
- Enable additional outdoor play spaces, and
- Improve campus safety

Last year, in the throws of the pandemic, our Auction committee was able to convert from a live auction to a virtual format quickly. In these moments our family responded by providing funds that enabled us to meet needs that were created overnight. Our quick shift from in-person learning to remote learning, allowed Trinity to become a better school in a difficult time.

Trinity's mission is to share the love of Christ with the people of Bend, Central Oregon, and Beyond. Trinity's school is a key platform for accomplishing this mission. This year, God will lead over 170 additional students to our campus creating a record high enrollment. As we meet the needs of more children and their families, we never want lose the reason people have been choosing Trinity as a partner in the educational process of their child(ren): a safe learning environment, a place where students feel loved and cared for, excellent teachers, an atmosphere that promotes "You can get there from here!", great offerings in academics, activities, athletics, and the arts, all encompassed by the Gospel message of salvation in Christ Jesus. How do we keep this going? With your partnership and your support.

Thank you in advance for how you are going to help us reach more people with the love of Christ. Together as One, God will use us for great things together for His kingdom. And when we look back on this event, He will receive all of the praise and glory.

May God shine through you and your family in all you do each day!

be God's,  
Gregg Pinick  
Executive Director/Head of Schools

Value: Priceless

"A TRULY AMAZING  
PRINCIPAL  
is hard to find,  
difficult to part with  
and **IMPOSSIBLE**  
TO FORGET"

**Help us build another year of support and excellent education for the 459+ students enrolled in the 2021-2022 School Year!**

Historically the Bid for Kids paddle raise has contributed to the projects deemed to impact our students directly. This year is no different. For the 2021 Bid for Kids, we need your help to "build a classroom(s)". God has blessed us with over 459+ students for the 2021-2022 school year and that number is still growing. That's almost double the enrollment we started with this school year! It also means double grades at nearly every grade level next year. It's nearly double the textbooks, chairs, and devices. It's almost double the students for Mr. Pinick to joyfully greet in the morning, double the excellent education, and it's almost double the support and love that our staff will pour over their students every day.

This year, your \$100, \$500, or \$1000 donation will help us build a "classroom" for one (or all) of those doubled grades. As we look to the future, we have plans to grow in our enrollment, our resources, and our space to support all our students and their families next year and beyond. But those buildings can't go up overnight or over the summer. Space and resources for the 2021-2022 school year are filling up quickly. Your support through this live auction item will help us purchase the supplies and resources to fill another class with devices to support innovation and creativity. It will provide desks for another year of chick hatches, rocket trips to the moon, or award-winning science fair projects. It will provide textbooks that prepare our students to get there from here and the supplies to meet each student where they are in their educational journey.

We hope to see you on May 8, and we pray that you consider supporting this student-centered auction item.
